Site Find: Pure Boy Clothes

Walking into a kids' clothing store, one can always be blocked by rows of pink bows, cute ruffle skirts, and to the mother of a boy's disappointment-- find the boys' clothes way in the back corner, because boys clothes frankly just aren't that cute. Well, dig in the backs of stores no longer. We found a fabulous site that carries pure boy clothes that happen to be purely cute as well. [pureboyclothes](http://pureboyclothes.com) has hundreds of boys tees that are ALL suprisingly sweet. They know what boys like to wear (i.e. balls, trucks, animals, and superheros), and now you'll know an easy place to find them for cool boys aged Toddler and up. Check out pureboyclothes.com
